

# Can I come to the University?

Answer these five questions before you come to the University to teach, learn, study or work.

Corona Check

**Work and study at home**

- Staff member? Inform your manager.
- Student? Inform your lecturer and/or study adviser.
- For the quarantine rules, see [government.nl](http://government.nl). You are welcome back at the University in 10 days' time.\*

**What to do if you test positive**

If you have corona, you and your household must quarantine at home – as do your close contacts. The GGD will provide further information.

We ask our students and staff to notify their study adviser or manager if they test positive for corona. Due to privacy legislation this is not compulsory, but every reported infection will help us keep our university community safe and healthy.

**\*Latest information**

The rules set by government and the National Institute for Public Health and the Environment (RIVM) change frequently. Always check [government.nl](http://government.nl) and [RIVM.nl/en](http://RIVM.nl/en) and follow the University's corona updates.

**You are welcome to come to the University!**

Only come in for scheduled teaching, reserved study spaces or work (with your manager's permission). Keep to the [Campus Protocol](#), and follow the signs in the buildings.

*Talk to your manager/study adviser if you (or a housemate) belong to a high-risk group and are concerned about coming to the campus.*
