* Capacity is calculated by leaving one seat in between each student. Large theater lecture rooms also need an empty row between students to avoid cheating.

** BYOD (Bring Your Own Device): students take the exam on their own laptop. Back-up laptops are available for students who do not have a working laptop of their own.

* These rooms should be reserved via the ATC (Academisch Talencentrum): talencentrum@hum.leidenuniv.nl

** From the second semester of the 2324 academic year these rooms have 40 Chromebooks available (kept in 2.16). Either room can fit 18 students (36 total). Please note that you will need two inviligators when using two rooms.

* Make sure to reserve both A & B rooms even if you need only one part of the room to ensure you will not be bothered by noise from the adjacent room

** Capacity is not calculated by leaving one seat between each students.
