Without **ttt**things we would be lost**ttt** for words.

Things **ttt**tell our **sttt**ories. On [thingsthata talk.net](http://thingsthata talk.net)

Students love working with us because...

**ttt** helps them **tell** great stories

**ttt** gives them a **new** way to do research

**ttt** has a **student** team of editors

**ttt** is a way to **find** great jobs

**ttt** is a showcase for their talents

**ttt** connects students to society

**ttt** helps them **explore** the world outside text, in the digital space.

Too cool  
to be a tool.  
Don't just  
stand there.  
**ttt**alk to us!
