

# Job Market Research Humanities

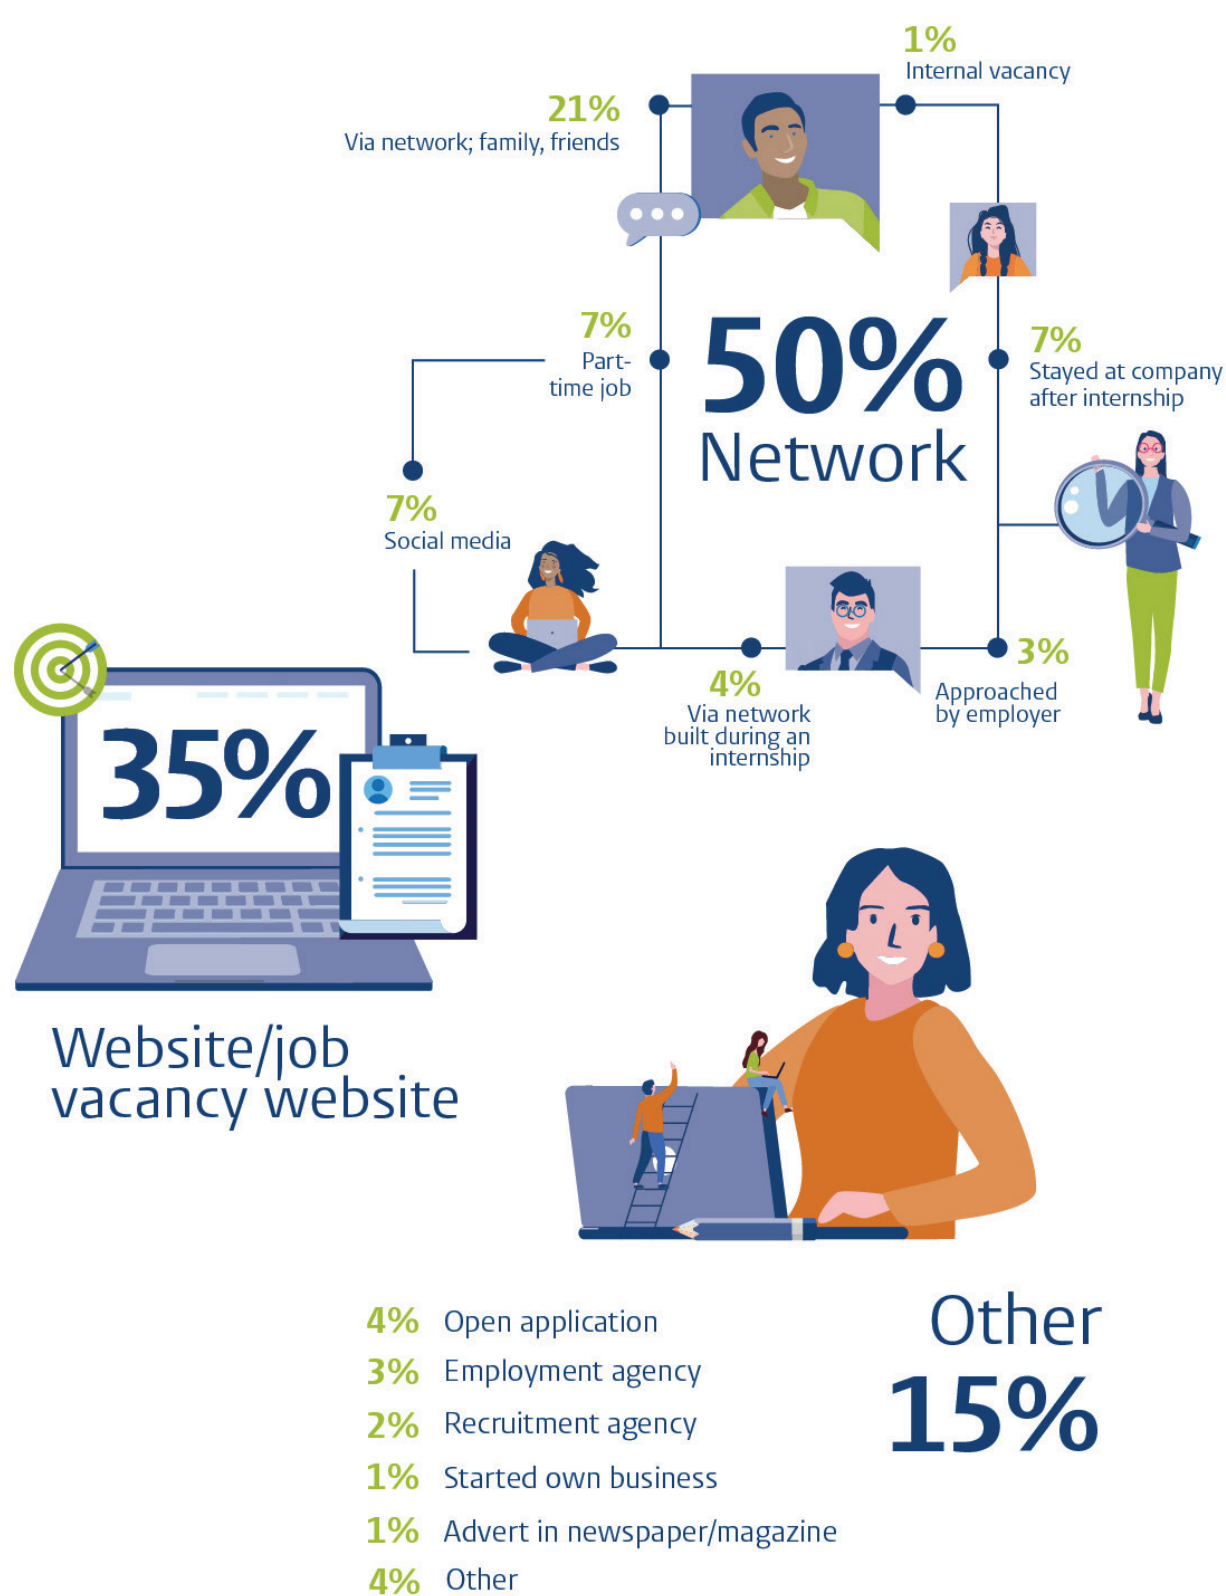

## Results Job Market Research among Leiden University's Humanities alumni (2020)

**Loes Nordlohne**

Career Advisor

### Finding **your first job**

“Job Market Research shows that our graduates have done well over the past years.”

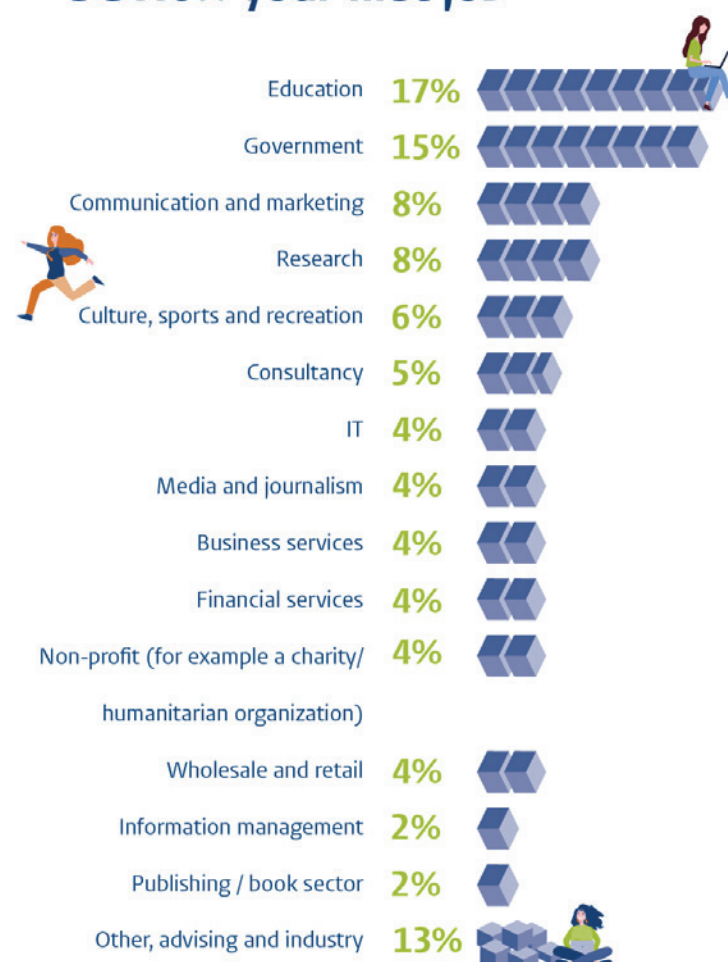

### Summary

- 70% of our master's alumni found a job within 2 months
- 50% found their first job via their network
- Alumni with relevant work experience (Internship or relevant side job) found more quickly a job directly after graduating and more often on a higher level
- Internship: 20% found their first job directly after graduating
- 83% of the master's alumni found their first job on academic or higher professional level.
- Only 11% has teaching as a main task

### Main task

### Sector: **your first job**
