FILLING OUT THE EVALUATION FORMS

Please keep in mind:

01 **Keep it course-related**

Do not digress: feedback not related to your education lessens the value of your feedback. Keep your comments specific to the course.

02 **Be constructive**

Vague comments or general remarks are less helpful. Instead, make use of concrete examples and give clear suggestions.

03 **Be considerate**

Please note, this is not a 'customer's review'. Keep things polite, fair and be thoughtful of your instructor.

Thank you!
