

# GRANT NEWSLETTER March 2023

**Pre-award:** This newsletter contains an overview of grants that could be interesting for our scientific staff. The Faculty is happy to offer support with your application. For more information, please contact Hester Bergsma.

Email: [h.w.bergsma@fsw.leidenuniv.nl](mailto:h.w.bergsma@fsw.leidenuniv.nl) or at [researchdesk@fsw.leidenuniv.nl](mailto:researchdesk@fsw.leidenuniv.nl)

Phone number: +31 619852748

**Post-award:** Obtained a grant? Congratulations! Please consult Anita Wagemaker for matters such as legal verification of the contract and obtaining the correct signatures.

Email: [researchdesk@fsw.leidenuniv.nl](mailto:researchdesk@fsw.leidenuniv.nl)

Phone number: +31 628251515

If you consider applying for a grant, be aware that it might take some time to obtain mandatory forms and signatures as well as legal checks. Contact [researchdesk@fsw.leidenuniv.nl](mailto:researchdesk@fsw.leidenuniv.nl) for more information and advice on planning and preparing your application.

Please also take into account the rules with regard to '[working for third parties](#)':

The [FSW Research Support Portal](#) offers useful information to scientists within our Faculty.

## Special Note

> Items marked **GREEN** are new in this newsletter

**ERC Scientific Council** changed the evaluation forms for the 2024 calls. The current CV and Track Record templates will be combined and simplified and applicants will be able to add short narrative descriptions to explain the information provided. Applicants will also be invited to explain career breaks or unconventional career paths and to describe exceptional

contributions to the research community.

### **NWO debate 'Wetenschap werkt' or Science works**

At the 'Science works' debate, researchers, politicians, policymakers and grant advisers will discuss current issues in the science field. Everyone who cares about science is welcome. We use the output of the debate to further shape our 'Science Works' strategy.

NWO invites researchers, politicians, policymakers and grant advisers to enter into discussion during the 'Science works' debate on current themes in the research field. The third debate will take place on **Monday 17 April from 16:00 to 17:00 hrs**. This debate addresses a robust research system and the funding system of the future.

Please note: the debate will be held in Dutch.

#### **Dissemination and Exploitation Booster**

The European Commission has just launched a new Dissemination and Exploitation Booster to support

FP7/H2020 projects in improving their dissemination and exploitation activities and truly maximise impact and potential uptake. The Booster addresses projects eager to go beyond their Dissemination and Exploitation (D&E) obligations under Horizon 2020. In order to help the beneficiaries get a step further and better implement their D&E actions, the European Commission offers free consulting services through the D&E booster. The service implementation timeframe is from July 2020 to June 2024.

### **Pre-announcement: Research into causes and forms of Loneliness (CAOS, Education & Child Studies, Psychology)**

Although the subject of loneliness has received more attention in recent years, the topic still appears to be something of a taboo. Moreover, not enough is known yet about the various forms and causes of loneliness, how those can be identified and what works to effectively prevent and reduce loneliness.

This call for proposals is expected to open at the end of the first quarter of 2023.

[More information](#)

### **Pre-announcement: research needed to achieve impact on societal challenges (KIC) (CADS, Psychology)**

Our society is facing a number of major societal challenges, such as climate change, cyber security and an ageing population. These societal challenges require close collaboration between different parties and ground-breaking, innovative solutions resulting in societal earning capacity. How can these innovations for societal challenges be realised, accelerated and scaled up to achieve actual impact?

The call is expected to be published in March 2023

### **Urgent onderzoek (alle instituten)**

Het NRO heeft in toenemende mate te maken met de wens om onderzoek uit te zetten naar urgente vragen met een korte looptijd en een relatief klein bedrag, waarbij het van belang is dat er snel gestart kan worden. De gebruikelijke procedure is hiervoor ongeschikt, onder andere vanwege de grote investering aan de kant van aanvragers en de langere doorlooptijd. Het NRO kent daarom sinds eind 2019 een procedure om relatief kort onderzoek naar urgente vragen snel te kunnen starten.
