GRANT NEWS LETTER February 2020

Pre-award: This newsletter contains an overview of grants that could be interesting for our scientific staff. The Faculty is happy to offer support with your application. For more information, please contact Hester Bergsma.
Email: h.w.bergsma@fsw.leidenuniv.nl
Phone number: +31 71 527 7916

Post-award: Obtained a grant? Congratulations! Please consult Anita Wagemaker for matters such as legal verification of the contract and obtaining the correct signatures.
Email: researchdesk@fsw.leidenuniv.nl
Phone number: +31 71 527 7352

If you consider applying for a grant, be aware that it might take some time to obtain mandatory forms and signatures as well as legal checks.

Luris has provided a handy overview of things to think of/consider when writing a grant:
https://www.staff.universiteitleiden.nl/research/research-funding?cf=social-and-behavioural-sciences&cd=fsw-board-office

Please also take into account the rules with regard to 'working for third parties':
https://www.organisatiegids.universiteitleiden.nl/en/regulations/general/regulations-on-working-for-third-parties

Special Note

Young Academy Leiden: Apply to become a YAL member
Are you an early career scholar and would you like to promote interdisciplinary research and outreach activities? Or do you want to have a say in science and education policy? Then the Young Academy Leiden (YAL) may be just the thing for you!
Deadline: 9 March 2020

Odissei: Call for Proposals free access to CBS microdata
The ODISSEI Microdata Access Grant (MAG) offers researchers working for an ODISSEI participant free access to CBS Microdata. The 2020 round started on 20 February. Junior researchers in particular are invited to submit a proposal. With the available budget, eight projects can use CBS Microdata free of charge.
Deadline: 30 April 2020
More information

An important change in planning for ERC 2021-2022 calls for proposals (Starting, Consolidator, Advanced Grants, PoC).
As in previous transitions between consecutive EU research and innovation framework programmes, the calendar of the calls in the initial year of Horizon Europe may differ from the calendar of 2020 calls for proposals.
All mono-beneficiary ERC calls (Starting, Consolidator, Advanced Grants, PoC) are expected to be launched in 2021 and 2022, but their opening and closing dates will be shifted so that the first calls will be launched only in January 2021. The Scientific Council expects the call schedule to be back to the usual opening and closing timeframes by mid-2022.

NWO to update its data management protocol in January 2020
Starting from 1st January 2020, NWO will update its data management protocol, reinforcing its longstanding commitment to Open Science. The basic principles will remain. NWO emphasizes the importance of responsible data management and expects researchers to carefully manage data resulting from NWO-funded research and prospectively plan for data sharing and preservation.
More information

NWO introduces narrative CV format in the 2020 Vici round
NWO is going to introduce a uniform narrative curriculum vitae format in the upcoming Vici round. This measure dovetails with a new approach for recognising and rewarding scientists and follows on from the position paper Room for everyone's talent, which NWO recently published with its partners. Moreover, NWO has had good experiences in recent years with the narrative CV in the pre-application pilot for the Veni in the NWO domains SSH, AES and ZonMw.
More information

Urgent onderzoek
Het NRO heeft in toenemende mate te maken met het uitzetten van onderzoek naar urgente vragen met een korte looptijd en een relatief klein bedrag waarbij het van belang is dat er snel gestart kan worden. De gebruikelijke procedure is hiervoor ongeschikt, onder andere vanwege de grote investering aan de kant van aanvragers en de langere doorlooptijd. Het NRO heeft daarom een nieuwe procedure ontwikkeld voor het snel starten van relatief kort onderzoek naar urgente vragen.

Vanaf 19 november 2019 kan het NRO de registraties in de database gebruiken voor het uitzetten van kleine subsidies. We raden onderzoekers daarom aan om zich zo spoedig mogelijk in de database te registreren.

Impact

Knowledge utilisation to create impact - NWO
Besides scientific impact, research should also have a societal impact and contribute to solving societal issues. Within the social sciences and humanities domain, much knowledge and experience has been gained in facilitating the societal impact of research, for example within the many thematic programmes and international collaborations.
Research manuals have been developed to help social sciences and humanities researchers set up collaborative programmes and projects.

Call: Rights, Equality and Citizenship Programme (REC)
The Rights, Equality and Citizenship Programme contributes to the further development of an area where equality and the rights of persons, as enshrined in the Treaty, the Charter and international human rights conventions, are promoted, protected and effectively implemented.
More information
  ❖ **Call for proposals to improve the awareness on EU citizenship rights and inclusion of mobile EU citizens and to support coordination among national authorities competent in electoral matters (Rights, Equality and Citizenship Programme)**
    Priority 1. The actions aim to enhance and develop citizenship of the Union;

Priority 2. Restricted to public authorities, the actions aim to support national cooperation networks responsible for bringing together the national authorities and bodies involved in elections (such as in their organisation, and in the monitoring and enforcement of legislation)
Deadline: 1 April 2020
More information

❖ **Call for proposals on closing gender gaps over the life-course**
One of the fundamental issues to tackle in order to reach gender equality is the persistence of gender stereotypes. From a very young age onwards, children are exposed to gender roles that shape their self-perception and influence their academic and professional choices as well as expectations of their roles as women and men throughout their life. Furthermore, gender stereotypes keep on influencing choices with regard to employment and combination of work and private life. Digitalisation can in this respect both offer opportunities and challenges to address gender stereotypes.
Deadline: 1 April 2020
More information

❖ **Bridging the divide in health research and innovation – boosting return on investment**
The Innovation Union Scoreboard reveals significant disparities in terms of research and innovation performance among the different member states and regions within the European Union. The disparities are equally present in health research and innovation which unfortunately also translates into lower participation in the Union's research and innovation framework programme, Horizon 2020.
Deadline: 7 April 2020
More information

Call: Digital transformation in Health and Care
This call aims at supporting the management of health and wellbeing while empowering the participation of citizens and facilitating the transformation of health and care services to more digitized, person-centred and community-based care models, thereby enabling better access to healthcare and the sustainability of health and care systems. Secure and interoperable data as an enabler together with state of the art technologies such as Artificial Intelligence and Big Data analytics are essential building blocks for the digital transformation of health and care as addressed by this call
Deadline: 22 April 2020

❖ **Personalised early risk prediction, prevention and intervention based on Artificial Intelligence and Big Data technologies**
The ageing of the population together with the rising burden of chronic conditions (incl. mental diseases) and multi-morbidity bring an ever increasing demand to strengthen disease prevention and integrate service delivery around people's needs for health and social care.
More information

International cooperation in smart living environments for ageing people
Demographic change and the ageing of the population create new heterogeneous challenges for society and, in particular, for ageing people. On top of the health-related age impairments such as poor health, cognitive impairment and frailty, ageing people are at risk of facing situations leading to potential social exclusion with considerable negative consequences for their independence, quality of life, those who care for them, and for the sustainability of health and care systems.
More information

❖ **Pre-commercial Procurement for Digital Health and Care Solutions**
Digital solutions supporting a continuum of care across a range of health and care services can relieve the pressure on governments to provide more cost-effective health and care systems by improving the use of healthcare and health outcomes. In this context the challenges are to network, lead and facilitate health systems research, innovation and digitization in view of addressing key areas of interventions in health and care services including health promotion and disease prevention.
More information

❖ **Scaling up innovation for active and healthy ageing**
The European Commission has promoted scaling up of digital innovation for active and healthy ageing both with research and innovation funding under Horizon 2020 and previous Framework Programmes and with its support for stakeholder partnerships like the European Innovation Partnership on Active and Healthy Ageing with its Regional Reference Sites.
More information

❖ **Supporting deployment of eHealth in low and lower middle income countries in Africa for better health outcomes**
The aim is to support the coordination of a registry of relevant existing e-Health solutions describing their services and potential for low and lower middle income African countries or regions together with a roadmap and strategic implementation plans building on the requirements of end-user communities and policy makers in the target countries.

Proof of Concept
Have you already received an ERC grant for your frontier research project and now want to explore the commercial or societal potential of your work? The ERC calls for proposals for its Proof of Concept Grant which aims to maximize the value of excellent research.
Deadline: 21 January 2020, 23 April 2020, 17 September 2020
More information

Marie Curie Research and Innovation Staff Exchange (RISE)
The RISE scheme promotes international and cross-sector collaboration through exchanging research and innovation staff, and sharing knowledge and ideas from research to market (and vice-versa).
The scheme fosters a shared culture of research and innovation that welcomes and rewards creativity and entrepreneurship and helps to turn creative ideas into innovative products, services or processes.
Deadline: 27 April 2020
More information

Better Health and care, economic growth and sustainable health systems
This call will aim at reconciling better health and healthy ageing with the need to develop sustainable health and care systems and growth opportunities for the health and care related industries. The scope of the call may range from prevention, diagnosis, stratified approaches, predictive toxicology, the development of novel and repurposed therapeutic approaches, including medical technologies and advanced therapies, cohorts and registries-based research, to integration of care and systemic digital solutions for health and ageing well.
Various calls.

MQ (Transforming mental health through research) Fellows Award
The Fellows Award supports talented researchers with bold ideas from across the globe, who aspire to be the next generation leaders in mental health research, as they establish their independence.
Applications to the 2020 MQ Fellows Award must have a focus on children and young people (which they define as from prenatal development up to 24 years of age). Projects should focus on genuine impact by charting, informing, developing and/or testing preventative or therapeutic interventions.
Deadline: 3 April 2020

The BBVA Foundation Frontiers of Knowledge Awards
The BBVA Foundation Frontiers of Knowledge Awards, whose thirteenth edition is now open, recognize and reward world-class research and artistic creation, prizing contributions of singular impact for their originality and significance. The name of the scheme is intended to denote not only research work that substantially enlarges the scope of our current knowledge – pushing forward the frontiers of the known world – but also the meeting and overlap of different disciplinary areas and the emergence of new fields.
Deadline: 30 June 2020

Dokter Wittenberg Stichting
De Dokter Wittenberg Stichting verleent subsidies aan projecten die bijdragen aan de terugkeer in de samenleving en de arbeidsmarkt van (uitbehandelde) psychiatrische patiënten. Door de toekenning van financiële bijdragen wordt beoogd initiatieven te ondersteunen die zonder deze ondersteuning niet levensvatbaar zijn. Het kan daarbij gaan om tijdelijke projecten; of liever nog om projecten die na verloop van tijd ook zonder financiële ondersteuning van de Dokter Wittenberg Stichting voortgang vinden.
Doorlopende aanmelding

OTHER: Latin American funding

Visit the Euraxess Brazil & LAC website for funding opportunities.
More information

Open Society Foundations
The Latin America Program addresses rights and governance issues in Latin America and the Caribbean through grant making, network building, and collaboration with partners. We focus on supporting Latin American and Caribbean efforts to defend democracy and increase governmental transparency, protect minority rights, reduce homicides, and reform drug policy.
The Latin America Program accepts letters of inquiry in English, Spanish or Portuguese. There is no established deadline to submit them, and we review these requests on an ongoing basis.
More information

Tinker Foundation
The Foundation's Institutional Grants program seeks to support changes to policy and practice that improve the lives of Latin Americans. The Foundation's funding encompasses three program areas in which research, innovation, scaling of proven models, and exchange of ideas have the potential to make significant, positive impact: Democratic Governance, Education, Sustainable Resource Management
Letter of Inquiry Open Date: 13 July 2020, Deadline: 31 July 2020
Full Proposal Submission Date (by invitation only): 16 September 2020

This open call has no fixed closing date.
More information

- **(ESRC) Secondary Data Analysis Initiative (SDAI) -** open call
  The Secondary Data Analysis Initiative aims to deliver high-quality high-impact research through utilising existing data resources created by the ESRC and other agencies in order to address some of the most pressing challenges facing society.
- **(ESRC) UKRI-FAPESP bilateral agreement -** MoU
  UK Research and Innovation (UKRI) and the State of São Paulo Research Foundation (FAPESP) have agreed a pioneering Memorandum of Understanding (MoU) to welcome, encourage and support applications that may cut across their national boundaries and involve international collaborative teams.

New Investigator Grants
New Investigator Grants will support new researchers and academics at the start of their careers to become independent researchers through gaining experience of managing and leading research projects and teams. In addition, they will provide applicants with an opportunity not only to support their own skill development but also the skill development of research staff employed on the grant.
There are no fixed closing dates – you can submit proposals to the call at any time

KNAW Academy advisory report on tracking the impact of research
Consider networks and users when assessing impact of research.
When appraising the societal impact of scientific research in advance, it is important to consider the interactive networks and potential users. That is one of the three recommendations made in the report Maatschappelijke Impact in kaart [Tracking societal impact], published today by the Royal Netherlands Academy of Arts and Sciences. The point is not to chart the impact itself, in other words, but the factors and processes that increase the potential for societal impact.
