

# GRANT NEWSLETTER April 2020

## Corona and research

The outbreak of the new Corona virus has great impact on everyone's lives. In this newsletter you'll find additional information, in particular for researchers at the Faculty of Social and Behavioural Sciences.

Over all, funding organizations have taken measures effecting the grant process. We urgently advise to check the websites for the possibly changed deadlines, updates and other important information.

### **An important change in planning for ERC 2021-2022 calls for proposals (Starting, Consolidator, Advanced Grants, PoC).**

As in previous transitions between consecutive EU research and innovation framework programmes, the calendar of the calls in the initial year of Horizon Europe may differ from the calendar of 2020 calls for proposals.

All mono-beneficiary ERC calls (Starting, Consolidator Grant, PoC) are expected to be launched in 2021 and 2022, but their opening and closing dates will be shifted so that the first calls will be launched only in January 2021. The Scientific Council expects the call schedule to be back to the usual opening and closing timeframes by mid-2022.

#### **NWO to update its data management protocol in January 2020**

Starting from 1st January 2020, NWO will update its data management protocol, reinforcing its longstanding commitment to Open Science. The basic principles will remain. NWO emphasizes the importance of responsible data management and expects researchers to carefully manage data resulting from NWO-funded research and prospectively plan for data sharing and preservation.

#### **NWO introduces narrative CV format in the 2020 Vici round**

NWO is going to introduce a uniform narrative curriculum vitae format in the upcoming Vici round. This measure dovetails with a new approach for recognising and rewarding scientists and follows on from the position paper Room for everyone's talent, which NWO recently published with its partners. Moreover, NWO has had good experiences in recent years with the narrative CV in the pre-application pilot for the Veni in the NWO domains SSH, AES and ZonMw.

#### **Urgent onderzoek**

Het NRO heeft in toenemende mate te maken met het uitzetten van onderzoek naar urgente vragen met een korte looptijd en een relatief klein bedrag waarbij het van belang is dat er snel gestart kan worden. De gebruikelijke procedure is hiervoor ongeschikt, onder andere vanwege de grote investering aan de kant van aanvragers en de langere doorlooptijd. Het NRO heeft daarom een nieuwe procedure ontwikkeld voor het snel starten van relatief kort onderzoek naar urgente vragen.

Vanaf 19 november 2019 kan het NRO de registraties in de database gebruiken voor het uitzetten van kleine subsidies. We raden onderzoekers daarom aan om zich zo spoedig mogelijk in de database te registreren.

## **Covid-19 Research**

### **Resilient Society Platform**

The current COVID-19 crisis poses many societal and academic challenges. In aim to address these challenges the independent Resilient Society Platform is initiated, which originated in TU Delft and is supported by the VSNU.

It calls for academics and students to be involved.

[Resilient Society Platform](#) (contact person within Leiden University: [Stefan de Jong](#)) serves as an online knowledge broker. It aims to connect COVID-19 related questions to solutions and organizes online work sessions. The platform is open for researchers from all domains. It cooperates with the [SSH & COVID-19 initiative](#). So far, over a hundred organizations have joined.

In concrete terms, the platform is looking for:

- Researchers who can submit [challenges](#) and [solutions](#) online or via [e-mail](#);
- Students to act as knowledge brokers, facilitators and communicators (see separate attachment for a recruitment text);
- Reviewers to assess whether suggested challenges meet the goals and quality criteria of the platform. Reviewers can contact the platform via [e-mail](#).

### **NWO & ZonMw: research programme COVID-19 'second wave'**

Due to the considerable impact of the coronavirus crisis, there is a major need for medical and societal solutions and answers. Therefore, ZonMw, on behalf of the Ministry of Health, Welfare and Sport, will shortly start the research programme COVID-19.

### **AXA Research Fund > Exceptional Flash Call for Proposals < Mitigating risk in the wake of the Covid-19 Pandemic**

The AXA Research Fund has committed support to emergency research initiatives at the beginning of the crisis; however, it is also necessary to inform its aftermath as well as a potential second wave, particularly in lower income countries. It is also a time to start questioning how to better prepare for the next crisis – be it epidemic, climate or ecological – while we learn from the current one. This Research Fund is opening a call for projects in several areas.

Deadline 7 May 2020

## Impact

### Knowledge utilisation to create impact - NWO

Besides scientific impact, research should also have a societal impact and contribute to solving societal issues. Within the social sciences and humanities domain, much knowledge and experience has been gained in facilitating the societal impact of research, for example within the many

thematic programmes and international collaborations.

Research manuals have been developed to help social sciences and humanities researchers set up collaborative programmes and projects.

### **Human factors, and ethical, societal, legal and organizational aspects of using Artificial Intelligence in support of Law Enforcement**

Advantages of AI are numerous. However, the lack of transparency of AI technologies and tools complicates their acceptance by users and citizens. Ethical and secure-by-design algorithms are necessary to build trust in this technology, but a broader engagement of civil society on the values to be embedded in AI and the directions for future development is crucial. This fact is generally correct, and it becomes extremely important in the security domain.

### Dokter Wittenberg Stichting

De Dokter Wittenberg Stichting verleent subsidies aan projecten die bijdragen aan de terugkeer in de samenleving en de arbeidsmarkt van (uitbehandelde) psychiatrische patiënten. Door de toekenning van financiële bijdragen wordt beoogd initiatieven te ondersteunen die zonder deze ondersteuning niet levensvatbaar zijn. Het kan daarbij gaan om tijdelijke projecten; of liever nog om projecten die na verloop van tijd ook zonder financiële ondersteuning van de Dokter Wittenberg Stichting voortgang vinden.

### KNAW Academy advisory report on tracking the impact of research

Consider networks and users when assessing impact of research.

When appraising the societal impact of scientific research in advance, it is important to consider the interactive networks and potential users. That is one of the three recommendations made in the report Maatschappelijke Impact in kaart [Tracking societal impact], published today by the Royal Netherlands Academy of Arts and Sciences. The point is not to chart the impact itself, in other words, but the factors and processes that increase the potential for societal impact.
