→ **NWO: New SSH Open Competition format gives researchers more opportunities**

The SSH Open Competition is ready for a makeover. NWO is thus responding to the need of the research field in the Social Sciences and Humanities to give this instrument more variety in terms of grant amounts and target groups. The NWO Domain Board Social Sciences and Humanities (SSH) has decided to expand the opportunities for researchers in the Open Competition and was advised in this endeavour by the six roundtables from the Social Sciences and Humanities domain.

Het voorbereiden, schrijven en indienen van subsidieaanvragen voor onderzoek is een intensief proces en een enorme uitdaging; de competitie is hoog, de succeskans helaas vaak laag. Om (meer) inzicht te krijgen in de vereisten die aan succesvolle subsidieaanvragen worden gesteld, kan het interessant zijn zelf deel te nemen aan de evaluatie van onderzoeksvoorstellen.

NWO, de Europese Commissie en de European Cooperation in Science and Technology zijn bijvoorbeeld op zoek naar experts voor beoordelingscommissies en/ of ten behoeve van evaluatie van subsidieaanvragen.

Voorankondiging: nieuwe call Advancing Equity in Academia through innovation (multidisciplinary)

Verschillende expertises en perspectieven van diverse onderzoekers, studenten en niet-onderzoekers aan universiteiten, alsook professionals van buiten de academische wereld zijn nodig om innovatieve onderzoeksvoorstellen te creëren. Daarom beoogt dit financieringsinstrument bij te dragen aan gelijke kansen voor en inclusie van ondervertegenwoordigde etnische groepen en aan een cultuurverandering in de academische wereld op dat punt. Naar verwachting publiceert NWO begin maart de oproep om een Expression of Interest in te dienen voor deelname aan een sandpit workshop. Tijdens de sandpit workshop worden deelnemers die elkaar anders misschien niet zouden tegenkomen, samengebracht om de vorming van innovatieve consortia te vergemakkelijken.

Iedereen die denkt te kunnen bijdragen aan de gewenste cultuurveranderingen in de academische wereld, en meer in het bijzonder aan de ontwikkeling en/of implementatie van nieuwe of bestaande interventies kan een Expression of Interest indienen. De deadlines worden bekend gemaakt zodra de call gepubliceerd is.

Het totale budget beschikbaar voor onderzoeksvoorstellen is 1,3 miljoen euro.

- **(ESRC) UKRI-FAPESP ESRC Working with Brazilian researchers– [Open call](#)**
UK Research and Innovation (UKRI) and the State of São Paulo Research Foundation (FAPESP) have agreed a pioneering Memorandum of Understanding (MoU) to welcome, encourage and support applications that may cut across their national boundaries and involve international collaborative teams.

Deadline: ongoing.

New Investigator Grants

New Investigator Grants will support new researchers and academics at the start of their careers to become independent researchers through gaining experience of managing and leading research projects and teams. In addition, they will provide applicants with an opportunity not only to support their own skill development but also the skill development of research staff employed on the grant.

There are no fixed closing dates – proposals can be submitted at any time
