

GRANT NEWSLETTER December 2020

Corona and research

The outbreak of the new Corona virus has great impact on everyone's lives. In this newsletter you'll find additional information, in particular for researchers at the Faculty of Social and Behavioural Sciences.

Over all, funding organizations have taken measures effecting the grant process. We urgently advise to check the websites for the possibly changed deadlines, updates and other important information.

Pre-award: This newsletter contains an overview of grants that could be interesting for our scientific staff. The Faculty is happy to offer support with your application. For more information, please contact Hester Bergsma.

Email: h.w.bergsma@fsw.leidenuniv.nl or at researchdesk@fsw.leidenuniv.nl

Phone number: +31 71 527 7916

Post-award: Obtained a grant? Congratulations! Please consult Anita Wagemaker for matters such as legal verification of the contract and obtaining the correct signatures.

Email: researchdesk@fsw.leidenuniv.nl

Phone number: +31 71 527 7352

If you consider applying for a grant, be aware that it might take some time to obtain mandatory forms and signatures as well as legal checks.

Luris has provided a handy overview of things to think of/consider when writing a grant:

<https://www.staff.universiteitleiden.nl/research/research-funding?cf=social-and-behavioural-sciences&cd=fsw-board-office>

Please also take into account the rules with regard to 'working for third parties':

<https://www.organisatiegids.universiteitleiden.nl/en/regulations/general/regulations-on-working-for-third-parties>

Special Note

FSW Research Support website now online!

The new [FSW Research Support website](#) offers information to scientists at the Faculty of Social and Behavioural Sciences, during the different stages of their research.

The website includes information on finding and applying for grants, writing research proposals, funding and regulations, as well as protocols for safe

working practices, manuals for equipment and software, and contact details for supporters. An important part are currently the [COVID-19 protocols - guidelines](#) for researchers who want to restart their research.

The website is available in English and will be updated regularly.

To keep improving this website, we kindly ask you to [email](#) any suggestions for additional information and your remarks. We intend to keep developing our web pages, so all researchers might profit!

Announcement of possible ROLLING-GRANT FUND

The rolling grant fund for unfettered research provides working capital in the form of research grants to assistant, associate and full professors with a permanent appointment. They can use these at different points in their scientific careers so that they can continue to develop.

The Rolling Grant fund has not been implemented yet. We, at the Researchdesk will be monitoring developments closely and keep you informed.

NEW ERC PANEL STRUCTURE IN 2021 AND 2022

In view of the major revision of the ERC panel structure for the 2021 and 2022 calls, the ERC Scientific Council has decided to publish the full panel structure well ahead of time.

[More information](#)

The preliminary starting dates of the 3 major ERC grants are still subject to change. Budget negotiations and Horizon Europe plans are still ongoing and somehow delayed. Still, it is good to take the dates provided as guideline for earliest dates to-be-expected (and avoid surprises).

	Open	Deadline
StG 2021	12 January 2021	09 March 2021
CoG 2021	21 January 2021	20 April 2021
AdG 2021	20 May 2021	31 August 2021

NWO Open competition-SSH

NWO Open Competition - SSH Non-programmed, Curiosity-driven research - round 2020

Please note that the next deadline for pre-proposals in the NWO Open Competition SSH has been delayed until September 2021 (instead of January 2021).

Covid-19 Research

Complexity research in connection with the Covid-19 crisis

Experienced researchers can request funding for research concerned with the way in which separate but interlinked complex systems operate: the national crisis organization on the one hand, and the decentralized system of the security regions and/or medical institutions on the other.

Deadline: 26 January 2020

[More information](#)

Resilient Society Platform

The current COVID-19 crisis poses many societal and academic challenges. In aim to address these challenges the independent Resilient Society Platform is initiated, which originated in TU Delft and is supported by the VSNU.

It calls for academics and students to be involved.

[Resilient Society Platform](#) serves as an online knowledge broker. It aims to connect COVID-19 related questions to solutions and organizes online work sessions. The platform is open for researchers from all domains. It cooperates with the [SSH & COVID-19 initiative](#). So far, over a hundred organizations have joined. In concrete terms, the platform is looking for:

- Researchers who can submit [challenges](#) and [solutions](#) online or via [e-mail](#);
- Students to act as knowledge brokers, facilitators and communicators (see separate attachment for a recruitment text);
- Reviewers to assess whether suggested challenges meet the goals and quality criteria of the platform. Reviewers can contact the platform via [e-mail](#).

Impact

Knowledge utilisation to create impact - NWO

Besides scientific impact, research should also have a societal impact and contribute to solving societal issues. Within the social sciences and humanities domain, much knowledge and experience has been gained in facilitating the societal impact of research, for example within the many thematic programmes and international collaborations.

Research manuals have been developed to help social sciences and humanities researchers set up collaborative programmes and projects.

Conferences - workshops

NWO Synergy Conference 4 February 2021

Though faced with the uncertainties of the impact of the COVID-19 virus by February 2021, NWO started the preparations for NWO Synergy 2021 Conference.

The Conference theme will be: Future Societies. Think of the future of education and perspectives on life long learning to stay abreast of a world

in continuous flux. Think of the future of governance and law, global trade, and peacekeeping in a context of social distance. Or the consequences for mobility and migration, cultural diversity and (un)equality.

Dutch Research Agenda - Theme: Promising start for children with the help of big data Phase II

This call for proposals - phase II invites knowledge institutions, professionals from maternity care and/or youth healthcare, social organisations and other interested partners to participate in consortia aimed at research and improved practice within the theme 'Promising start for children with the help of big data'. The consortia will work in a multidisciplinary and interdisciplinary manner and will have a knowledge-chain-wide composition.

Deadline: 8 December 2020

[More information](#)

TTW Perspectief

A public private partnership programme of NWO Applied and Engineering Sciences connected to the Knowledge and Innovation Covenant. The application process has four steps:

The deadline for submitting initiatives was 22 October 2020 >>> Failure to publish initiatives online excludes applicants from submitting a pre-proposal

The deadline for request for assessment of suitability in Top Sectors policy is 17 November 2020

The deadline for submitting pre-proposals is 15 December 2020

The deadline for submission of full proposals is 15 June 2021

[More information](#)

NWO Talent Programme Veni - Social Sciences and Humanities (SSH)

NWO Talent Programme Veni is a grant for researchers who have recently obtained their PhD, whose qualities clearly exceed what is customary within their international peer group. They are at the start of their scientific career and display a striking talent for scientific research. Veni applicants must have obtained their doctorate within the last three years. The 2021 Veni round is open to researchers who meet this criterion on 1 January 2021.

>>> Please make sure to work on the embedding guarantee well before the deadline (signatures needed) and ask us for help.

Deadline: 7 January 2021 (for submitting the compulsory pre-proposal)

Deadline: 20 May 2020 (full proposal)

[More information](#)

Samenwerking in het opleiden van leraren

In the subsidy round Collaboration in educating teachers, funding can be requested for research into (potentially) effective principles and elements in the joint training and supervision of (preservice) teachers. This research should provide more insight in the differences in the design of (workplace) curricula and of the pedagogical approaches that are used in partnerships. Since this round is focused on Dutch education, all documentation is in Dutch.

Deadline: 7 January 2020

[More information](#)

Third call NWA programme 'Research along routes by consortia'

NWO has published the third funding round of the NWA research programme 'Research along Routes by Consortia (ORC)'. The aim of the NWA-ORC 2020/21 is to stimulate research and innovation aimed at the portfolio of the 25 routes and the associated 140 cluster questions in the Dutch Research Agenda (NWA). !! attendance at [NWA matchmakings per route](#) is obligatory to submit a proposal! Register before 16 October.

The deadline for submitting initiatives is 1 October 2020 >>> Failure to publish initiatives online excludes applicants from submitting a pre-proposal

The deadline for submitting pre-proposals is 14 January 2021

The deadline for submission of full proposals is 24 June 2021

[More information](#)

Gravitation proposals ('Zwaartekracht')

With the Gravitation programme, the Dutch Government aims to encourage research by consortia of researchers in the Netherlands. Researchers must be carrying out innovative and influential research in their field. NWO is realising the selection procedure of this direct government funding programme at the request of the Ministry of Education, Culture and Science.

Deadline: 19 January 2021

[More information](#)

Dutch Research Agenda - Theme: SDG Interactions and Policy Interventions in Developing Countries

This call for proposals calls upon knowledge institutions and other interested parties to participate in research projects focusing on SDG interactions and policy interventions in developing countries. The consortia to be formed will work in an inter- and transdisciplinary manner, internationally and across the entire knowledge chain.

Deadline: 26 January 2021

[More information](#)

NGinfra Responsive Futures: Modelling and Governance for Infrastructures in Transition

NWO and Next Generation Infrastructures (NGinfra) are jointly developing the research programme 'Responsive Futures: Modelling and Governance for Infrastructures in Transition'. The programme is a continuation of the previous collaboration between NWO and NGinfra entitled 'Responsive Innovations'. The aim of 'Responsive Futures' is to fund interdisciplinary research which generates insights for developing a 'multi-infrastructure system'.

Deadline: 26 January 2021

[More information](#)

Lifestyle and living environment

Interdisciplinary public-private consortia can apply for research funding of sustainable, innovative, preventative interventions aimed at both lifestyle and living environment.

Deadline: 26 January 2020

[More information](#)

Living with dementia

Interdisciplinary public-private consortia can apply for research funding that contribute to the overarching mission objective of the KIA 2020-2023 Health & Care that by 2030, the quality-of-life of people with dementia has increased by 25%.

Deadline: 26 January 2020

[More information](#)

Top-up, submission round February 2021

Top-up encourages and facilitates the impact of RAAK-research. Top-up can be requested by RAAK-projects with an approved final report.

Deadline: 9 February 2021

Urgent onderzoek

Het NRO heeft in toenemende mate te maken met het uitzetten van onderzoek naar urgente vragen met een korte looptijd en een relatief klein bedrag waarbij het van belang is dat er snel gestart kan worden. De gebruikelijke procedure is hiervoor ongeschikt, onder andere vanwege de grote investering aan de kant van aanvragers en de langere doorlooptijd. Het NRO heeft daarom een nieuwe procedure ontwikkeld voor het snel starten van relatief kort onderzoek naar urgente vragen.

Vanaf 19 november 2019 kan het NRO de registraties in de database gebruiken voor het uitzetten van kleine subsidies.

Dokter Wittenberg Stichting

De Dokter Wittenberg Stichting verleent subsidies aan projecten die bijdragen aan de terugkeer in de samenleving en de arbeidsmarkt van (uitbehandelde) psychiatrische patiënten.

Door de toekenning van financiële bijdragen wordt beoogd initiatieven te ondersteunen die zonder deze ondersteuning niet levensvatbaar zijn. Het kan daarbij gaan om tijdelijke projecten; of liever nog om projecten die na verloop van tijd ook zonder financiële ondersteuning van de Dokter Wittenberg Stichting voortgang vinden.

Building a low-carbon, climate resilient future: Research and innovation in support of the European Green Deal (H2020-LC-GD-2020)

In September, the European Commission has launched this €1 billion call for research and innovation projects that respond to the climate crisis.

The deadline for submission for the Horizon 2020-funded European Green Deal Call is **26 January 2021** with selected projects expected to start in autumn 2021.

This call for proposals responds to the pressing need to confront the climate crisis and provide greater protection for the continent's unique environment and biodiversity.

[More information](#)

>>> The Green Deal Call is open to participation from research entities anywhere in the world. Please note that call **LC-GD-1-1-2020** explicitly invites participation from Brazilian and South American research entities.

Should you be interested in applying together with a Latin American partner, you and/or your partner in LAC you can find more information and subscribe to an information session (in Spanish or Portuguese) here <https://euraxess.ec.europa.eu/worldwide/brazil/brazil-and-lac-european-green-deal-call-information-sessions>

Deadline: 26 January 2021

Open Society Foundations

The Latin America Program addresses rights and governance issues in Latin America and the Caribbean through grant making, network building, and collaboration with partners. They focus on supporting Latin American and Caribbean efforts to defend democracy and increase governmental transparency, protect minority rights, reduce homicides, and reform drug policy.

The Latin America Program accepts letters of inquiry in English, Spanish or Portuguese. There is no established deadline to submit them, these requests are being reviewed on an ongoing basis.

- **(ESRC) Secondary Data Analysis Initiative (SDAI) - [open call](#)**
The Secondary Data Analysis Initiative aims to deliver high-quality high-impact research through utilising existing data resources created by the ESRC and other agencies in order to address some of the most pressing challenges facing society.
- **(ESRC) UKRI-FAPESP bilateral agreement - [MoU](#)**
UK Research and Innovation (UKRI) and the State of São Paulo Research Foundation (FAPESP) have agreed a pioneering Memorandum of Understanding (MoU) to welcome, encourage and support applications that may cut across their national boundaries and involve international collaborative teams.

There is no deadline, and proposals will be accepted on an ongoing basis until expiry of the MoU on 31 December 2020.

New Investigator Grants

New Investigator Grants will support new researchers and academics at the start of their careers to become independent researchers through gaining experience of managing and leading research projects and teams. In addition, they will provide applicants with an opportunity not only to support their own skill development but also the skill development of research staff employed on the grant.

There are no fixed closing dates – proposals can be submitted at any time

KNAW Academy advisory report on tracking the impact of research

Consider networks and users when assessing impact of research.

When appraising the societal impact of scientific research in advance, it is important to consider the interactive networks and potential users. That is one of the three recommendations made in the report Maatschappelijke Impact in kaart [Tracking societal impact], published today by the Royal Netherlands Academy of Arts and Sciences. The point is not to chart the impact itself, in other words, but the factors and processes that increase the potential for societal impact.
