

# GRANT NEWSLETTER December 2021

## Corona and research

The outbreak of the Corona virus has great impact on everyone's lives. In this newsletter you'll find additional information, in particular for researchers at the Faculty of Social and Behavioural Sciences.

Over all, funding organizations have taken measures effecting the grant process.  
We urgently advise to check the websites for the possibly changed deadlines, updates and other important information.

---

**Pre-award:** This newsletter contains an overview of grants that could be interesting for our scientific staff. The Faculty is happy to offer support with your application. For more information, please contact Hester Bergsma.

Email: [h.w.bergsma@fsw.leidenuniv.nl](mailto:h.w.bergsma@fsw.leidenuniv.nl) or at [researchdesk@fsw.leidenuniv.nl](mailto:researchdesk@fsw.leidenuniv.nl)

Phone number: +31 71 527 7916

**Post-award:** Obtained a grant? Congratulations! Please consult Anita Wagemaker for matters such as legal verification of the contract and obtaining the correct signatures.

Email: [researchdesk@fsw.leidenuniv.nl](mailto:researchdesk@fsw.leidenuniv.nl)

Phone number: +31 71 527 7352

If you consider applying for a grant, be aware that it might take some time to obtain mandatory forms and signatures as well as legal checks. Contact [researchdesk@fsw.leidenuniv.nl](mailto:researchdesk@fsw.leidenuniv.nl) for more information and advice on planning and preparing you application.

Please also take into account the rules with regard to 'working for third parties':

## Special Note

### → FSW Research Support Portal

The [FSW Research Support website](#) offers information to scientists at the Faculty of Social and Behavioural Sciences, during the different stages of their research.

The website includes information on finding and applying for grants, writing research proposals, funding and regulations, as well as protocols for safe working practices, manuals for equipment and software, and contact details for supporters.

An important part are currently the [COVID-19 protocols - guidelines](#) for researchers who want to restart their research.

To keep improving this website, we kindly ask you to [email](#) any suggestions for additional information and your remarks. We intend to keep developing our web pages, so all researchers might profit!

→ **Cooperating with China? Check with the China advisor!**  
Which issues do you need to know about on when drafting a funding proposal with a Chinese partner? How do contracts work in China? How do you know if your Chinese partner is the best choice? Do you know what the Chinese policies are on data management? How does a CSC scholarship work? What are the latest policy discussions on academic cooperation with [China](#)? For all these questions and more, please contact the region coordinator China, [Annemarie Montulet](#). Fluent in Chinese and with 30 years of China experience, she is the person to go to! ### **Kader Kennisveiligheid Universiteiten (VSNU)**

De Nederlandse universiteiten hebben op 8 juli het Kader Kennisveiligheid Universiteiten overhandigd aan demissionair minister van OCW, Ingrid van Engelshoven. Pieter Duisenberg, voorzitter Vereniging van Universiteiten: "Wij koesteren de transparantie van de wetenschap én hebben oog voor de mogelijke keerzijden daarvan. Met dit kader kunnen wetenschappers en universiteiten nog scherper de afweging maken tussen de openheid van wetenschap en het voorkomen van ongewenste kennisoverdracht".

### **ERC Horizon Europe: Gender Equality Plan**

One of the changes between Horizon 2020 and Horizon Europe is the 'Gender Equality Plan'. We understand from the EC any Gender Equality Plan needs to be in place by the time first Grant Agreements are signed, therefore early 2022. Leiden University is already well on the way to completing its Gender Equality Plan which will be completed in good time. In the meantime the Diversity Office has provided us a list of the currently publicly available information on the various University websites:

### **Knowledge utilisation to create impact - NWO**

Besides scientific impact, research should also have a societal impact and contribute to solving societal issues. Within the social sciences and humanities domain, much knowledge and experience has been gained in facilitating the societal impact of research, for example within the many thematic programmes and international collaborations.

Research manuals have been developed to help social sciences and humanities researchers set up collaborative programmes and projects.

NWO's new policy on impact gradually is becoming visible in the different calls. For the Talent and Open Competition programmes the outlook impact approach will be used, which resembles the knowledge utilisation section. For thematic calls an impact plan approach will be used, which uses the 'theory of change'. This requires reasoning backwards from the future outcomes towards the research results (outputs) to be generated with the involvement of the stakeholders. To help you prepare the relevant section in the proposal, NWO has announced [e-learnings](#) for the KIC and NWA calls, respectively.

The grant advisors are happy to help preparing this section, contact your local grant advisor or us via

### Dissemination and Exploitation Booster

The European Commission has just launched a new Dissemination and Exploitation Booster to support FP7/H2020 projects in improving their dissemination and exploitation activities and truly maximise impact and potential uptake. The Booster addresses projects eager to go beyond their Dissemination and Exploitation (D&E) obligations under Horizon 2020. In order to help the beneficiaries get a step further and better implement their D&E actions, the European Commission offers free consulting services through the D&E booster.

#### **Integral call planning**

The pause and restart of the primary process due to the corona crisis and the lack of NWO's network have caused many shifts in the timing of funding instruments. To create an overview NWO publishes an integral call planning, showing the closing dates for preproposals and full proposals. The revised integral call planning can be found on [this](#) page.

#### **NWO funding instruments KIC 2020-2023**

The NWO instruments for the Knowledge and Innovation Covenant (KIC) 2020-2023 provide funding for fundamental and practical research in a public-private partnership (PPP). The set of instruments consists of four main lines, for which 118 million euros has been reserved annually.

#### **Talent Programme**

The Talent Programme offers personal grants to talented, creative researchers. This enables them to conduct the research of their choice. The Talent Scheme has three funding instruments (Veni, Vidi, Vici) tailored to various phases in researchers' scientific careers. Researchers can apply for a maximum amount of 250,000 euros for Veni, 800,000 euros for Vidi, and 1.5 million euros for Vici. For more information about criteria visit the call of Veni, Vidi or Vici in the domain you want to submit your application.

#### **Urgent onderzoek**

Het NRO heeft in toenemende mate te maken met de wens om onderzoek uit te zetten naar urgente vragen met een korte looptijd en een relatief klein bedrag, waarbij het van belang is dat er snel gestart kan worden. De gebruikelijke procedure is hiervoor ongeschikt, onder andere vanwege de grote investering aan de kant van aanvragers en de langere doorlooptijd. Het NRO kent daarom sinds eind 2019 een procedure om relatief kort onderzoek naar urgente vragen snel te kunnen starten.

Deadline: Ongoing

### Dokter Wittenberg Stichting

De Dokter Wittenberg Stichting verleent subsidies aan projecten die bijdragen aan de terugkeer in de samenleving en de arbeidsmarkt van (uitbehandelde) psychiatrische patiënten.

Door de toekenning van financiële bijdragen wordt beoogd initiatieven te ondersteunen die zonder deze ondersteuning niet levensvatbaar zijn. Het kan daarbij gaan om tijdelijke projecten; of liever nog om projecten die na verloop van tijd ook zonder financiële ondersteuning van de Dokter Wittenberg Stichting voortgang vinden.

#### UKRI call

This grant supports research that exploits existing data resources for social and economic research, created by the ESRC and other agencies, for comparative analysis. It also aims to develop research capacity and skills in using large and complex secondary data. Grants can be for up to £300,000 for a period of up to 24 months. Funding is based on the full economic costs of the research, with ESRC providing 80% of the cost and the research organisation covering the balance. Proposals can draw from the wider sciences, but the social sciences must represent more than 50% of the research focus and effort.

Additional primary (first-time) data collection will not be funded under this call.

Deadline: ongoing
