

# GRANT NEWSLETTER January 2021

## Corona and research

The outbreak of the new Corona virus has great impact on everyone's lives. In this newsletter you'll find additional information, in particular for researchers at the Faculty of Social and Behavioural Sciences.

Over all, funding organizations have taken measures effecting the grant process.

We urgently advise to check the websites for the possibly changed deadlines, updates and other important information.

---

**Pre-award:** This newsletter contains an overview of grants that could be interesting for our scientific staff. The Faculty is happy to offer support with your application. For more information, please contact Hester Bergsma.

Email: [h.w.bergsma@fsw.leidenuniv.nl](mailto:h.w.bergsma@fsw.leidenuniv.nl) or at [researchdesk@fsw.leidenuniv.nl](mailto:researchdesk@fsw.leidenuniv.nl)

Phone number: +31 71 527 7916

**Post-award:** Obtained a grant? Congratulations! Please consult Anita Wagemaker for matters such as legal verification of the contract and obtaining the correct signatures.

Email: [researchdesk@fsw.leidenuniv.nl](mailto:researchdesk@fsw.leidenuniv.nl)

Phone number: +31 71 527 7352

If you consider applying for a grant, be aware that it might take some time to obtain mandatory forms and signatures as well as legal checks.

Luris has provided a handy overview of things to think of/consider when writing a grant:

## Special Note

### FSW Research Support website

The [FSW Research Support website](#) offers information to scientists at the Faculty of Social and Behavioural Sciences, during the different stages of their research.

The website includes information on finding and applying for grants, writing research proposals, funding and regulations, as well as protocols for safe

working practices, manuals for equipment and software, and contact details for supporters.

An important part are currently the [COVID-19 protocols - guidelines](#) for researchers who want to restart their research.

The website is available in English and will be updated regularly.

To keep improving this website, we kindly ask you to [email](#) any suggestions for additional information and your remarks. We intend to keep developing our web pages, so all researchers might profit!

**NWO: [adjustments in Veni 2021](#): higher budget per application and broader rule regarding applying during doctoral programme**

From the 2021 round onward, NWO will increase the amount to be applied for in the Veni from €250,000 to €280,000. This means that the amount to be applied for will increase for the first time since 2008. The NWO Executive Board has decided to take this step to reduce the pressure on universities to contribute financially to Veni projects. A higher budget means successful applicants will be able to finance a full salary, or at least a large part of it, from the Veni budget.

### **Announcement of possible ROLLING-GRANT FUND**

The rolling grant fund for unfettered research provides working capital in the form of research grants to assistant, associate and full professors with a permanent appointment. They can use these at different points in their scientific careers so that they can continue to develop.

The Rolling Grant fund has not been implemented yet. We, at the Researchdesk will be monitoring developments closely and keep you informed.

### **NEW ERC PANEL STRUCTURE IN 2021 AND 2022**

In view of the major revision of the ERC panel structure for the 2021 and 2022 calls, the ERC Scientific Council has decided to publish the full panel structure well ahead of time.

[More information](#)

### **The preliminary starting dates of the 3 major ERC grants are still subject to change.**

The first ERC Calls in 2021 will be delayed due to the late adoption of the EU Budget 2021-2027 and the Horizon Europe programme. Prospective applicants should be aware that the Calls due to open in January will be rescheduled to the earliest possible date in 2021, in order to preserve the Call calendar that was initially foreseen as much as possible.

### **NWO Open competition-SSH**

NWO Open Competition - SSH Non-programmed, Curiosity-driven research - round 2020

Please note that the next deadline for pre-proposals in the NWO Open Competition SSH has been delayed until September 2021 (instead of January 2021).

## **Covid-19 Research**

### **Complexity research in connection with the Covid-19 crisis**

Experienced researchers can request funding for research concerned with the way in which separate but interlinked complex systems operate: the national

crisis organization on the one hand, and the decentralized system of the security regions and/or medical institutions on the other.

Deadline: 26 January 2020

[More information](#)

### **Resilient Society Platform**

The current COVID-19 crisis poses many societal and academic challenges. In aim to address these challenges the independent Resilient Society Platform is initiated, which originated in TU Delft and is supported by the VSNU.

It calls for academics and students to be involved.

[Resilient Society Platform](#) serves as an online knowledge broker. It aims to connect COVID-19 related questions to solutions and organizes online work sessions. The platform is open for researchers from all domains. It cooperates with the [SSH & COVID-19 initiative](#). So far, over a hundred organizations have joined. In concrete terms, the platform is looking for:

- Researchers who can submit [challenges](#) and [solutions](#) online or via [e-mail](#);
- Students to act as knowledge brokers, facilitators and communicators (see separate attachment for a recruitment text);
- Reviewers to assess whether suggested challenges meet the goals and quality criteria of the platform. Reviewers can contact the platform via [e-mail](#).

## Impact

### Knowledge utilisation to create impact - NWO

Besides scientific impact, research should also have a societal impact and contribute to solving societal issues. Within the social sciences and humanities domain, much knowledge and experience has been gained in facilitating the societal impact of research, for example within the many

thematic programmes and international collaborations.

Research manuals have been developed to help social sciences and humanities researchers set up collaborative programmes and projects.

## Conferences - workshops

### EUniWell Seed Funding

Op 17 november 2020 heeft [EUniWell](#) een tweede Seed Funding Call geïnitieerd om onderlinge banden verder te verdiepen en meer nieuwe en innovatieve ideeën voor welzijn te creëren.

- Heb jij een idee voor een financieringsvoorstel?
- Heb je hulp nodig bij het vinden van partners?
- Heb je interesse om in contact te komen met onderzoekers of medewerkers van de andere EUniWell-universiteiten

Doe mee met de open Zoom-bijeenkomst om vragen te stellen en te netwerken op maandag 18 januari om 12:00 uur.

### NWO Synergy Conference 4 February 2021

Though faced with the uncertainties of the impact of the COVID-19 virus by February 2021, NWO started the preparations for NWO Synergy 2021 Conference.

The Conference theme will be: Future Societies. Think of the future of education and perspectives on live long learning to stay abreast of a world in continuous flux. Think of the future of governance and law, global trade, and peacekeeping in a context of social distance. Or the consequences for mobility and migration, cultural diversity and (un)equality.

## Urgent onderzoek

Het NRO heeft in toenemende mate te maken met het uitzetten van onderzoek naar urgente vragen met een korte looptijd en een relatief klein bedrag waarbij het van belang is dat er snel gestart kan worden. De gebruikelijke procedure is hiervoor ongeschikt, onder andere vanwege de grote investering aan de kant van aanvragers en de langere doorlooptijd. Het NRO heeft daarom een nieuwe procedure ontwikkeld voor het snel starten van relatief kort onderzoek naar urgente vragen.

Vanaf 19 november 2019 kan het NRO de registraties in de database gebruiken voor het uitzetten van kleine subsidies.

**KNAW Academy advisory report on tracking the impact of research**

Consider networks and users when assessing impact of research.

When appraising the societal impact of scientific research in advance, it is important to consider the interactive networks and potential users. That is one of the three recommendations made in the report Maatschappelijke Impact in kaart [Tracking societal impact], published today by the Royal Netherlands Academy of Arts and Sciences. The point is not to chart the impact itself, in other words, but the factors and processes that increase the potential for societal impact.
