

GRANT NEWSLETTER January 2022

Pre-award: This newsletter contains an overview of grants that could be interesting for our scientific staff. The Faculty is happy to offer support with your application. For more information, please contact Hester Bergsma.

Email: h.w.bergsma@fsw.leidenuniv.nl or at researchdesk@fsw.leidenuniv.nl

Phone number: +31 619852748

Post-award: Obtained a grant? Congratulations! Please consult Anita Wagemaker for matters such as legal verification of the contract and obtaining the correct signatures.

Email: researchdesk@fsw.leidenuniv.nl

Phone number: +31 71 527 7352

If you consider applying for a grant, be aware that it might take some time to obtain mandatory forms and signatures as well as legal checks. Contact researchdesk@fsw.leidenuniv.nl for more information and advice on planning and preparing your application.

Please also take into account the rules with regard to '[working for third parties](#)':

The university's Grant Development Office has provided a handy [overview](#) of things to think of/consider when writing a grant:

Special Note

→ items marked **GREEN** are **new** in this newsletter:

→ **FSW Research Support Portal**

The [FSW Research Support website](#) offers useful information to scientists within our Faculty.

Please regularly check the [COVID-19 protocol guidelines](#) – these are often relevant for research.

→ **Cooperating with China? Check with the China advisor!**

What do you need to know about when drafting a funding proposal with a Chinese partner? How do contracts work in China? How do you know if your Chinese partner is the best choice? Do you know what the Chinese policies are on data management? How does a CSC scholarship work? What are the latest policy discussions on academic cooperation with [China](#)? For all these questions and more, please contact the region coordinator China, [Annemarie Montulet](#). Fluent in Chinese and with 30 years of China experience, she is the person to go to! Read more [here](#).

Gender Equality Plan

Diversity and inclusion are high on the agenda at Leiden University. The University introduced an institution-wide diversity policy in 2014 and has dedicated time and resources to promoting diversity among students and staff, and to enabling an inclusive learning and working environment for all.

[More information](#)

Conferences - workshops

Synergy '22

Synergy, the NWO event for researchers and policy developers, will take place on **3 February 2022**. Enjoy a diverse programme of activities, acquire new insights and explore opportunities for impact. Expand your network, establish new collaborations with like-minded professionals and exchange knowledge and experience.

Dissemination and Exploitation Booster

The European Commission has just launched a new Dissemination and Exploitation Booster to support FP7/H2020 projects in improving their dissemination and exploitation activities and truly maximise impact and potential uptake. The Booster addresses projects eager to go beyond their Dissemination and Exploitation (D&E) obligations under Horizon 2020. In order to help the beneficiaries get a step further and better implement their D&E actions, the European Commission offers free consulting services through the D&E booster.

[NWO News](#)
[NWO Calendar](#)

Integral call planning

The pause and restart of the primary process due to the corona crisis and the hack of NWO's network have caused many shifts in the timing of funding instruments. To create an overview NWO publishes an integral call planning, showing the closing dates for preproposals and full proposals. The revised integral call planning can be found on [this](#) page.

NWO funding instruments KIC 2020-2023

The NWO instruments for the Knowledge and Innovation Covenant (KIC) 2020-2023 provide funding for fundamental and practical research in a public-private partnership (PPP). The set of instruments consists of four main lines, for which 118 million euros has been reserved annually.

Kennisbenutting Plus

Kennisbenutting Plus is a grant for activities that stimulate the utilization of educational research. A budget of € 60.000 is available. Since this grant is focused on Dutch education, all documentation is in Dutch.

Call for proposals: continuous

[Meer informatie](#)

Urgent onderzoek

Het NRO heeft in toenemende mate te maken met de wens om onderzoek uit te zetten naar urgente vragen met een korte looptijd en een relatief klein bedrag, waarbij het van belang is dat er snel gestart kan worden. De gebruikelijke procedure is hiervoor ongeschikt, onder andere vanwege de grote investering aan de kant van aanvragers en de langere doorlooptijd. Het NRO kent daarom sinds eind 2019 een procedure om relatief kort onderzoek naar urgente vragen snel te kunnen starten.

Deadline: Ongoing

[Meer informatie](#)

ZonMw
COLLECTIE

ZonMw-ELSI

Onderzoekers zoeken antwoorden op ethische, juridische en maatschappelijke vragen vaak op diverse plekken binnen de eigen organisatie. Sinds kort kunnen zij hun vragen over Ethical, Legal and Social Implications (ELSI) ook beantwoord krijgen door een landelijke ELSI Servicedesk.

ORWAC

Every year, the Organization for Research on Women and Communications awards Research Development Grants. Members are eligible to apply in one of five grant categories that support scholars at different levels of their career: Category 1 for undergraduate students, Category 2 for master's students, Category 3 for doctoral students, Category 4 for contingent faculty, and Category 5 for tenure/track faculty.

Grants are designed to assist feminist scholars completing research or creative projects that privilege and advance understandings about the intersectionality and complexity defining women's lives.

Deadline: 1 April 2022

[More information](#)

ORWAC research development grant

Grants are designed to assist feminist scholars completing research or creative projects that privilege and advance understandings about the intersectionality and complexity defining women's lives. Broadly speaking, submitted projects are those that chart new ground in disciplinary knowledge about women and gender; offer insights about the challenges and negotiations confronted by women in light of intersecting identities; and/or favor the diverse voices, experiences, discourses, performances and lives of women. Applicants' research projects may be at any stage at time of submission. Grant funds may be used, for example, to pay for: conducting interviews, data transcription, archival research whether for copying costs or travel to archives, clerical support, transportation and/or registration fees for a conference to present the submitted project, among other needs.

Deadline: 1 April 2022

Global Talent Visa: new visa scheme for international researchers to be led by UK Research and Innovation

The Global Talent Visa introduces new routes for researchers to work and live in the UK. Individuals wishing to apply for the new visa will be able to do so on the UK Government website from 20 February 2021.

[More information](#)

UKRI call

This grant supports research that exploits existing data resources for social and economic research, created by the ESRC and other agencies, for comparative analysis. It also aims to develop research capacity and skills in using large and complex secondary data. Grants can be for up to £300,000 for a period of up to 24 months. Funding is based on the full economic costs of the research, with ESRC providing 80% of the cost and the research organisation covering the balance. Proposals can draw from the wider sciences, but the social sciences must represent more than 50% of the research focus and effort.

Additional primary (first-time) data collection will not be funded under this call.

Deadline: ongoing
