

# GRANT NEWSLETTER June 2020

## Corona and research

The outbreak of the new Corona virus has great impact on everyone's lives. In this newsletter you'll find additional information, in particular for researchers at the Faculty of Social and Behavioural Sciences.

Over all, funding organizations have taken measures effecting the grant process. We urgently advise to check the websites for the possibly changed deadlines, updates and other important information.

**Pre-award:** This newsletter contains an overview of grants that could be interesting for our scientific staff. The Faculty is happy to offer support with your application. For more information, please contact Hester Bergsma.

Email: [h.w.bergsma@fsw.leidenuniv.nl](mailto:h.w.bergsma@fsw.leidenuniv.nl)

Phone number: +31 71 527 7916

**Post-award:** Obtained a grant? Congratulations! Please consult Anita Wagemaker for matters such as legal verification of the contract and obtaining the correct signatures.

Email: [researchdesk@fsw.leidenuniv.nl](mailto:researchdesk@fsw.leidenuniv.nl)

Phone number: +31 71 527 7352

If you consider applying for a grant, be aware that it might take some time to obtain mandatory forms and signatures as well as legal checks.

Luris has provided a handy overview of things to think of/consider when writing a grant:

## Special Note

### FSW Research Support website now online!

The new [FSW Research Support website](#) offers information to scientists at the Faculty of Social and Behavioural Sciences, during the different stages of their research.

The website includes information on finding and applying for grants, writing research proposals, funding and regulations, as well as protocols for safe

working practices, manuals for equipment and software, and contact details for supporters.

An important part are currently the [COVID-19 protocols - guidelines](#) for researchers who want to restart their research.

The website is available in English and will be updated regularly.

To keep improving this website, we kindly ask you to [email](#) any suggestions for additional information and your remarks. We intend to keep developing our web pages, so all researchers might profit!

## NEW ERC PANEL STRUCTURE IN 2021 AND 2022

## Changes in the ERC 2021-2022 calls for proposals (Starting, Consolidator, Advanced Grants, PoC).

As in previous transitions between consecutive EU research and innovation framework programmes, the calendar of the calls in the initial year of Horizon Europe may differ from the calendar of 2020 calls for proposals.

The following mono-beneficiary ERC calls (Starting, Consolidator Grant, PoC) are expected to be launched in 2021 and 2022, but their opening and closing dates will be shifted so that the first calls will be launched only in January 2021. The Scientific Council expects the call schedule to be back to the usual opening and closing timeframes by mid-2022.

There's a new SSH panel entitled "Human Mobility, Environment and Space"

The ERC Advanced Grant evaluation process has been aligned with the processes used for the Starting and Consolidator Grant calls by introducing interviews of applicants in Step 2 of the evaluation.

## Covid-19 Research

### COVID-19 Fast Track for Computing Time Call

All over the world people are joining forces in the hope of quickly developing a vaccine for the corona virus and a cure for COVID-19. NWO is in collaboration with SURF contributing to this by giving researchers accelerated access to high-quality computing facilities and data services. All corona-related research can start within a few days with the help of a 'fast track grant'.

Deadline: 30 June 2020

### Resilient Society Platform

The current COVID-19 crisis poses many societal and academic challenges. In aim to address these challenges the independent Resilient Society Platform is initiated, which originated in TU Delft and is supported by the VSNU.

It calls for academics and students to be involved.

[Resilient Society Platform](#) (contact person within Leiden University: [Stefan de Jong](#)) serves as an online knowledge broker. It aims to connect COVID-19 related questions to solutions and organizes online work sessions. The platform is open for researchers from all domains. It cooperates with the [SSH & COVID-19 initiative](#). So far, over a hundred organizations have joined.

In concrete terms, the platform is looking for:

- Researchers who can submit [challenges](#) and [solutions](#) online or via [e-mail](#);
- Students to act as knowledge brokers, facilitators and communicators (see separate attachment for a recruitment text);
- Reviewers to assess whether suggested challenges meet the goals and quality criteria of the platform. Reviewers can contact the platform via [e-mail](#).

### UK Research and Innovation: Get funding for ideas that address COVID-19

UKRI will support excellent proposals up to 18 months duration which meet at least one of the following: New research or innovation with a clear impact pathway that has the potential (within the period of the grant) to deliver a significant contribution to the understanding of, and response to, the COVID-19 pandemic and its impacts; supports the manufacture and/or wide scale adoption of an intervention with significant potential; gathers critical data and resources quickly for future research use.

No closing date

## Impact

### Knowledge utilisation to create impact - NWO

Besides scientific impact, research should also have a societal impact and contribute to solving societal issues. Within the social sciences and humanities domain, much knowledge and experience has been gained in facilitating the societal impact of research, for example within the many thematic programmes and international collaborations.

Research manuals have been developed to help social sciences and humanities researchers set up collaborative programmes and projects.

#### **Human factors, and ethical, societal, legal and organizational aspects of using Artificial Intelligence in support of Law Enforcement**

Advantages of AI are numerous. However, the lack of transparency of AI technologies and tools complicates their acceptance by users and citizens. Ethical and secure-by-design algorithms are necessary to build trust in this technology, but a broader engagement of civil society on the values to be embedded in AI and the directions for future development is crucial. This fact is generally correct, and it becomes extremely important in the security domain.

Deadline: 27 August 2020

### Urgent onderzoek

Het NRO heeft in toenemende mate te maken met het uitzetten van onderzoek naar urgente vragen met een korte looptijd en een relatief klein bedrag waarbij het van belang is dat er snel gestart kan worden. De gebruikelijke procedure is hiervoor ongeschikt, onder andere vanwege de grote investering aan de kant van aanvragers en de langere doorlooptijd. Het NRO heeft daarom een nieuwe procedure ontwikkeld voor het snel starten van relatief kort onderzoek naar urgente vragen.

Vanaf 19 november 2019 kan het NRO de registraties in de database gebruiken voor het uitzetten van kleine subsidies.

### **KNAW Academy advisory report on tracking the impact of research**

Consider networks and users when assessing impact of research.

When appraising the societal impact of scientific research in advance, it is important to consider the interactive networks and potential users. That is one of the three recommendations made in the report Maatschappelijke Impact in kaart [Tracking societal impact], published today by the Royal Netherlands Academy of Arts and Sciences. The point is not to chart the impact itself, in other words, but the factors and processes that increase the potential for societal impact.
