

Consent form

For the research project *[add research project]*, it is necessary to use your child's personal data. To use this data during our research we need your consent as a parent.

What data is being used?

[describe the data being used, clear and understandable for the data subject. Ideally tell a bit more about the purpose, but this is not necessary if the data subject needs to remain as uninformed as possible for research purposes]

What happens if I change my mind?

If you change your mind, you can send an e-mail to *[add e-mail address researcher]* with a short message indicating that you want your child's personal data to be removed. Your child's name will be permanently deleted from the collected data. Any other information that can be traced back to your child will also be permanently deleted.

What will be done with my child's data after the research project *[add name research project]*?

Your child's personal data will be stripped of their name and other information that can identify your child, *[add time period]* after the research is concluded.

If you agree to further use of your child's personal data for other research, please indicate this below, should there be any specific research in the field of *[add field of research]* within 6 months after the end of this research, your child's data will be used for this research as well. If your child's data will be used for further research you will receive a notification of this, with the possibility to withdraw your consent.

Please place a cross in the box that is applicable.

- I do not consent to any use of the information about my child.
- I consent to the use of the information about my child for this research project, but not for further research.
- I consent to the use of the information about my child for this research project, as well for further research in the field of *[add research field]*.
