

1 Immigration Checklist (TEV Nationality)

Based on your nationality you need a provisional residence permit and a residence permit. Leiden University will, as your sponsor, follow the combined procedure for admittance and residence (TEV). Please find below a checklist of all matters that require your attention at some stage of your immigration. The International Service Desk (ISD) will contact you for the documents needed to start up the TEV procedure. You will receive a username and a password to log on to our ISD webportal.
